

Gin Tasting by The Gin Tin Bar

We offer gin tastings at a venue that suits you. Your house, a weekend rental house or a local community centre.

Gin Tastings are a great way of enjoying a night out with a difference. You will learn more about gin, the tastes and the influence of mixing items to change flavours and also learn the types of flavours and styles of gin you really like. The Gin tastings really give you the opportunity to try a number of gins before you buy. The bar service can operate from a kitchen, dining room, or an outdoor garden set up. We can work off a simple table where there is space.

Costs

Gin Flight 1 - £25 3 tastings of gin plus a gin cocktail.

Gin Flight 2 - £30 4 tastings of gin plus a gin cocktail

Gin Flight 3 - £35 5 tastings of gin plus a gin cocktail.

Each gin tastings includes a shot of neat spirit to taste followed by a prepared drink with that spirit. This allows drinkers to see how making the right additions to the spirit allows the drink taste to improve. These drinks maybe a cocktail in addition to the cocktail stated.

We supply everything that we need with us for the tasting, including garnishes and ice.

Following the tasting we can stay longer and offer a bar service with the gins that we have used plus many more. There is no extra charge for us to stay and serve. All Gin Tastings are pre-paid. The bar service can operate either as a cash bar or as a pre-paid bar if required.
